Course Description

The Summer Training School (STS) on '*Integration Policies in Europe: Testing Community Sponsorship and Competing Models*', is an intensive 5-day course exploring the multidimensionality of community sponsorship and competing models in Europe. The course focuses on the legal underpinnings of these models, with the aim of identifying the main features of a European model. Hosted by the PRIN 2022 '*Community Sponsorship for Migrants in Europe*' (CoSME) project and the Jean Monnet Centre of Excellence on the Integration of Migrants in Europe (IntoME) project, the course will take place at the University of Tuscia in Viterbo. It will provide attendees with an extensive and thorough understanding of the following four key aspects: *a)* the EU's contribution to the design and standard-setting of sponsorship-based pathways; *b)* the complex relationship between admission, reception, and integration in sponsorship schemes in Europe; *c)* the impact of fragmented status and rights on durable solutions for beneficiaries; and *d)* the principles and values underpinning the creation of a common European sponsorship model. These dimensions will be explored from various viewpoints, including legal, political, social and economic perspectives. To this end, leading academics, practitioners and experts in the fields of migration law, asylum law and practice, sociology and international relations will be involved.

Training Sessions

Training sessions, brainstorming activities and case study simulations will be held in a hybrid format during the first four afternoons of the Summer Training School (STS). STS trainers will assist attendees, setting the stage for discussions on selected topics and operating all available multimedia tools in Room 6 (Complesso San Carlo, UNITUS) to enable dual-mode interaction, both in person and remotely. English is the working language for the entire course. The final version of the agenda, together with the training materials, will be sent to attendees at the beginning of the course.

SCHEDULE FOR THE TRAINING SESSIONS

14:00-15:00: Working group session in breakout rooms

15:00-16:30: Plenary session

KEY OBJECTIVES

- Developing a problem-solving attitude and skills
